EDUCATION

- **PG Certificate Programme in Advanced Computing (PGCP-AC)** Feb 2026–Aug 2026
Centre for Development of Advanced Computing (C-DAC), Kharghar, Mumbai
- **B. E. - Computer Science and Engineering | CGPA: 8.34/10 | Percentage: 75.90%** 2021-2025
D. Y. Patil College Of Engineering, Akurdi, Pune (Affiliated to SPPU)
- **HSC | Percentage: 86.50/100** 2020-2021
Shri Shanishwar Junior College, Sonai (Affiliated to SPPU)
- **SSC | Percentage: 81.80/100** 2018-2019
Shri Shanishwar Vidya Mandir, Sonai (Affiliated to SPPU)

EXPERIENCE

- **Elite Softwares Pvt Ltd, Pune (Completion Certificate)** Feb 2024 - March 2024
Web Developer Intern
 - Collaborated with team members to develop and improve web application features..
 - Assisted in frontend development using HTML, CSS, Bootstrap, and JavaScript.
 - Participated in testing, debugging, and maintaining responsive user interfaces.

PROJECTS

- **CareerPilot | Java, Spring Boot, React.js, MySQL | [GitHub](#)** Duration: 1 Month
 - Developed an AI-powered job portal using Spring Boot microservices architecture and React.js, connecting Job Seekers, Employers, and Administrators.
 - Built six business microservices integrated with Spring Cloud Config Server, Eureka Service Discovery, and API Gateway.
 - Implemented JWT-based authentication and role-based access control (RBAC) for secure access across different user roles.
 - Integrated Google Gemini AI for resume feedback, cover letter generation, job recommendations, and candidate screening.
 - Implemented job management, applications, resume uploads, application tracking, notifications, and Razorpay-based Premium subscriptions.
- **Smart Task Tracker | Spring Boot, ReactJS, MySQL | [GitHub](#)** Duration: 1 Month
 - Built a full-stack, role-based task management system enabling administrators to manage users, create and assign tasks, and monitor overall progress.
 - Implemented secure stateless JWT authentication and strict role-based access control (RBAC) to secure endpoints and distinguish between admin and employee functionalities.
 - Developed full task lifecycle management allowing administrators to assign tasks and employees to dynamically update their progress status from pending to completed.

TECHNICAL SKILLS

- **Programming Languages:** Core Java, C++ , JavaScript
- **Backend Technologies:** Spring Boot
- **Frontend Technologies:** React.js, Bootstrap, HTML, CSS
- **Databases:** MongoDB, MySQL
- **Tools & Technologies:** Git, GitHub, Docker, Maven, Microservices

CERTIFICATION

- **IBM Java Developer Professional Certificate | Coursera | [Certificate Link](#)**
 - Completed a 14-course professional certificate covering Java, Spring Framework, HTML, CSS, JavaScript, Git, GitHub, databases, microservices, Docker, Kubernetes, DevOps, and software development.
